

RE: Requirements for Tea Journey AccessAds

Dear advertiser,

*Tea Journey* mobile magazine uses a much more effective method than banners for promoting your products on line.

Our AccessAds are built as WordPress plugins that give you complete control over the content of your ad. You can change it as you wish and associate it with *Tea Journey* articles that will generate valuable leads.

Our team will build the ad and provide you with a login to:

- Publish anytime
- Add new photos and video
- Create more detailed offers with discount pricing
- Access the most premium ad spot on the website and mobile applications (iOS/Android)

Click this video to see what AccessAds look like, how they are displayed and work for you:

Here is what we need to build an AccessAd for you:

- ad title
- ad link
- ad description
- ad image

Send the above to: Jeremy Green, [Jeremy@zeen101.com](mailto:Jeremy@zeen101.com)

Jeremy will build the first ad, send you links for approval and answer questions you may have on how to configure the AccessAd.
